BAY ST. LOUIS, MISS., FRIDAY, JULY 5, 1940.

VOL. 49 — No. 27.

PRESENT CITY ADMINISTRATION HAS ACCOMPLISHED GREAT RESULTS WITH LITTLE FUNDS TO WORK DURING TERM

Of Four Years—In Addition to Routine of Wise and Economic Administration, Mayor
And Board of Commissioners Have Procured and Given Much to City—Program
Of Public Utilities Successfully Carried Out Would Do Justice to A City
Many Times Size of Bay St. Louis.

Result of a little retrospection as
to the present city government of
Bay St. Louis and its accomplish-
ments is almost beyond imagination.

What Mayor G. Y. Blaize and City
Commissioners Bourgeois and Per-
kins have accomplished with lim-
ited means during their tenure of
office well staggers the imagination.

Tax-payers of the city have fared
well. Lucky they are who have had
the services of men who have given
all of their time and talent as public
executives with maximum result at
what may be said the minimum out-
lay of cash. Thus saving tax-pay-
ers heavy burdens to carry on for
years in exchange for improvement.

It has been a revelation. It reads
like an Aladdin lamp story, a
page from a book by the author with
a fertile mind or the widest imagi-
nation. How could it be done, some-
one asks. Are these men super-hu-
man? Where do they get the power
and in what lies the secret?

The answer is first, the men are
duly qualified. Seemingly cut out to
do such work. They are men from
the ranks of the people, and who
have an understanding; we are not
specially endowed with richness that
arises from oil wells or from other
unusual resources. It is all a result
of combined ability, economy and
experience. A combination of the
admirable qualities that seem to con-
spire for the results achieved.

These men are aspiring for re-
election just now and it would be
poor business not to continue their
services—especially when they are
willing to serve and continue giving
the public the best of their ability.
Men with ability and experience
form a desired combination. They
have proven not only officials of
ability but have pulled the city over
the most trying times in history in
a manner that leaves no room for
criticism.

Mayor Blaize is particularly fitted
in his line of work. Obliging, will-
ing and always ready to do. No call
goes unheeded and no request is
turned down. He is a fine executive.
Commissioner Bourgeois is emi-
nently fitted for the work in which
he is engaged, devoting overtime to
the many duties to which he so well
administers.

Commissioner H. Grady Perkins
has also proven himself worthy of
such recognition that would insure
his re-election. He devotes all of
his time to the duties of his office.

But, The Sea Coast Echo would
rather let the record speak for it-
self. Briefly as possible we have
compiled a memorandum of the ac-
complishments of the administration.
Deeds speak for themselves. While
we have not covered the full record
of our mayor and commissioners' ac-
complishments, we have endeavored
at random, to give the high spots.

Dear readers, peruse these care-
fully and you will agree the trio at
the city hall should be returned and
be allowed to continue and finish
the program begun.

THIRTY-FIVE ANSWER CALL OF RED CROSS FOR VOLUNTEER WORKERS

Sewing of Garments Already Started—Organizing of
Groups And Leaders to Take Charge Explained by
Mrs. G. Y. Blaize—Others Needed.

On Monday afternoon, a large
meeting was held at the Scout
Headquarters when thirty-five Bay
St. Louis women responded to the
call of the local Chapter of the
American Red Cross for volunteers
for the sewing of garments which
will constitute Hancock county's
quota, and to meet the growing need
of the refugees in Europe whose
numbers increased daily with the
spread of the conflict over there.

Mrs. G. Y. Blaize explained to the
ladies that while actual sewing of
garments had begun on the Monday
before, the present need was for the
organizing of groups of women who
would volunteer their services and
the naming of different ladies who
would take charge on certain days
of the week. Cut garments were
displayed and a completed surgical
coat, shown and explanations given
on how and when the cutting and
sewing of different garments would
be completed, and the necessity for
the sewing to be accomplished in the
Red Cross sewing room because of
the more economical methods of cut-
ting and sewing and supervision of
the entire work by persons skilled
in sewing.

Mrs. George R. Rea and Miss Mar-
garet Green, co-chairmen with Mrs.
Blaize and Mrs. Laurent Dickson on
the Production Committee, were in
attendance and explained points on
sewing.

Miss Levia Engman represented the
committee on Purchasing of Sup-
plies, and Mrs. J. H. Thompson rep-
resented the committee in charge of
knitting.

It was explained, however, that
wool for knitting of garments, while
not yet received, was expected daily,
and persons wishing to knit would be
advised when it was received.

The response to the call for per-
sons to interest themselves in Red
Cross work was generous and it is
hoped that others will come forward
and assist in the many ways in
which it will be possible to do so.

ing of the school children, patrolled
at all hours.

Purchased 1000 feet approved un-
derwriters fire hose.
Established 19 fire hydrants in va-
rious locations, thereby increasing
fire protection, giving better water
service and a substantial reduction
in fire insurance rates.

A ten-inch well is now being drill-
ed to alleviate the present water
shortage.

As soon as completed, the city
contemplates its W. P. A. Project to
replace old 2 inch and 3 inch mains
with 4 inch and 6 inch fire under-
writers approved cast iron mains.
All of which will give the city more
water, increased pressure and reduc-
tion in fire insurance rates.

Street paving project already ap-
proved, includes hard surfacing, ap-
proximately five miles of city
streets.

Purchased a \$3400 one-man pa-
trool grader; purchased two new
trucks, one for the City Department
and one for the Water Works De-
partment.

Secured for the city of Bay Saint
Louis a \$200,000.00 Natural Gas
transmission and distribution system
owned and operated by the City of
Bay Saint Louis.

If the mayor and city commission-
ers did nothing else, so to speak, but
procured the natural gas system for
Bay St. Louis, even then they should
be liberally rewarded for this im-
provement which seemed for so
long a while as impossible, imprac-
ticable.

We would indeed be unmindful of
the proper thing were we to fail in
recognizing such improvement,
which for so many years seemed un-
surmountable. At least we must be
grateful for the splendid improve-
ment. AND, above all, at NOT ONE
CENT cost to the tax-payers, as the
bonds are self-liquidating.

K. OF C. INSTALL OFFICERS

Alden L. Mauffray, Grand
Knight—Banquet Held
After Installation—
Large Attendance.

One of the largest crowds ever at-
tending an installation, witnessed the
installation on Monday night at the
Knights of Columbus Hall on Main
street when the new officers of Pere
le Duc Council of the Knights of
Columbus installed its new officers
for the coming year, namely Alden
L. Mauffray, Grand Knight; Fred
Smith, Deputy Grand Knight;
Rev. A. J. Grimes, Chaplain; John
P. Buehler, councillor; T. F. Monti,
recording secretary; Wallace Bon-
temp, financial secretary, and lec-
turer, Rev. Father Leo F. Fahey;
Robert L. Camors, advocate, Ray-
mond Carrio, Warden; August Schiro,
Inside Guardian; Thomas Chaplin,
outside Guard; Thos. J. McCaleb,
"steer."

District Deputy S. L. Fayard, of
Biloxi, served as installing officer,
and was assisted by Mr. Ragusin.

After the installation a banquet
was held in the hall when members
enjoyed an excellent meal served by
the following committee: J. T. Mc-
Caleb, chairman, Fred Fayard, Carl
Arnold, Gene Monti and Roger
Heitzman, assisting.

Rev. Father Victor Boisvert of the
Catholic Church at Pearlington de-
livered an excellent address with the
subject, "Americanism."

The local council, one of the large-
st and most active on the entire
Coast, represents the largest organi-
zation of men in Bay St. Louis and
the installation and banquet was one
of the live and enjoyable affairs
which they are noted for sponsoring.

COUNTY ECONOMIC WORKERS VISIT 25 AREAS IN HANCOCK

4-H Clubs are Flourishing—
Miss Eleanor Smith, Home
Demonstration Agent,
Active.

Mrs. Cornelius Favre, home eco-
nomics teacher of Kiln Vocational
High School, and Miss Eleanor
Smith, home demonstration agent
for Hancock county, visited the 25
home economic and home improve-
ment girls at the Leetown and
Kiln communities. They report that
excellent work is being done by the
home economics and 4-H Club girls
with their spring and summer gar-
dens and home improvements. Al-
ready 120 quarts have been canned
by the girls. Last Friday Miss Smith
and Miss Juanita Johnson, home eco-
nomics instructor at Bay High, vis-
ited the club girls' projects at Na-
poleon and Leetown communities
and found satisfactory work being
done there. The following are the
club members: Dot Murphy, Willie
Marie Dawsey, Earlene Holden, Ethel
Mae Hoyer, Myrtle Hoyer, Doris
Murphy, Gladys Ruffin, Yvonne
Dean, Eula L. Weyman, Ada Carver
and Julia Mae McCarty.

The July meeting of the Bay-
Waveland Garden Club will be held
on Thursday, July 11, 3 P. M., at the
home of Mrs. Harry S. Pond, South
Beach at Ballentine street.

RETURN AFTER VACATION

Seventy-Five Children Go
Home After Two-Weeks'
Stay at Blenk Home.

On Tuesday afternoon of this week,
a large and happy group of children,
seventy-five in number, boarded the
Louisville & Nashville afternoon
train for New Orleans and home af-
ter a vacation of two weeks, begin-
ning June 18th, spent at the Hubert
Blenk Memorial Home, operated by
St. Margaret's Daughters of New Or-
leans as a vacation home for women
and children who otherwise would
not enjoy vacations.

The seventy-five children were in-
mates of the Sophie Gumbel Home
of New Orleans and were under di-
rection of Mrs. Julia B. Earl. While
here the children enjoyed daily
swimming and water, sports, and
were given rides along the Beach
and parties on the grounds of the
Blenk Home, their vacation proving
to be one of the most enjoyable
events of their young lives and the
occasion a bright memory.

The three summer homes in this
section operated by different large
charitable organizations in New Or-
leans are distinct additions to the
Coast and represent the means for
providing vacation periods and visits
to our health climate and seashore
for hundreds of working mothers
and underprivileged children of the
crowded sections of New Orleans.

Camp Onward and The Jewish
Federation Home are the other two
homes of the first group of vaca-
tionists are presents enjoying their
all too brief sojourns on the Coast.

LUNCH ROOM PROJECT

Progressing—Canning of
Fruits and Vegetables Be-
ing Conducted at Various
Centers.

Persons interested in the work of
feeding underprivileged school chil-
dren may avail themselves of the op-
portunity of seeing the splendid
work of canning vegetables which is
being accomplished presently by
members of the school lunch pro-
ject of the W. P. A. with canning
centers at St. Margaret's Daughters
Home in rear of the Catholic church,
and in the kitchen and home eco-
nomics room of the Valena C. Jones
School where canning for the lunch
rooms of the Central High School
and others is being conducted, with
leaders from the different school
lunch rooms working everyday in
preparing and canning food for use
in the Fall.

Anyone having jars and canning
paraphernalia, and who is willing to
donate vegetables, fruits or other
supplies which may be used in this
work may get in touch with the
projects in either of the schools and
the donations will be called for.

The work of feeding school chil-
dren hot lunches is one of the first
things being accomplished in the
W. P. A. projects and the excel-
lent way in which these things
are being prepared, and the pretty
sight of rows and rows of jars of
beans, beets, carrots, peas, squash,
egg-plants, pears and other com-
modities gives great satisfaction to
workers and donors alike.

KENO FOR THE WAR VICTIMS

Ladies and Gentlemen As-
semble at A. Trapani's
To Help Suffering
Humanity.

Many ladies and gentlemen assem-
bled Monday evening at the Knock
Knock Keno Place A. Trapani, on
the beach front, to "play" for "sweet
charity sake."

The event was under the auspices
of local Red Cross workers and the
net results, after deducting all ex-
penses, were given to the Red Cross
call for more funds for European
refugees and others.

Mrs. Emily Lacoste, ardent and
successful worker in whatever cause
for good she espouses, was well re-
warded for her untiring efforts, ably
assisted by the Misses Miriam and
Levia Engman and other associates,
by the success which the cause at-
tained.

The net results of the evening was
\$75.00, turned over that night by
Mr. Trapani.

Mr. Trapani's generosity and will-
ingness to help was the subject of
wide and favorable comment. He
took none of the profits for himself,
but simply the actual overhead, and
gave the full balance to the local
chapter in its efforts to realize a
second quota for the refugees and
others. Thus a great contribution
was the result. The attendance was
large and was made up of the repre-
sentative population of Bay St. Louis
and vicinity. Ladies and gentlemen
in all walks of life played keno for
the sake of suffering humanity.

A large cake made and donated
by Mrs. E. J. Lacoste, Sr., and Mrs.
George R. Rea, was raffled and
brought in a nice part of the seven-
ty-five dollars and a locked box top-
ped with a small American flag was
used in selling any extra donation
from the winners of each game and
also brought in a nice amount.

Donations for prizes used with
the prize rolls were given by the
Schaff's Grocery, Coast Serve Self
Grocery, di Benedetto's, Mrs. Frank
Quintini, Engman's Store, Mrs.
Claude Monti, and the committee in
charge of the game was composed
of the Misses Miriam and Levia
Engman, Mrs. E. J. Lacoste, and
Mrs. Claude Monti.

Everyone assisting in any way is
thanked and those who have not con-
tributed as yet to the second drive
for funds are asked to send in their
donations to Disaster Chairman A.
G. Favre or George R. Rea, chairman
of the Red Cross Chapter for Han-
cock County.

Kings' Daughters Hospital Board Holds Meeting.

On Monday, July 1st the members
of the Board of the Kings' Daugh-
ters Hospital met at the hospital
on the newly equipped back porch
for the July meeting with Mrs. A.
F. Fournier presiding.

After the regular routine of busi-
ness, a discussion was held on the
condition of the hospital roof which
it is imperative has to be replaced,
and a method of raising funds was
discussed, due to the many leaks
and great inconvenience which they
cause.

It was decided that a large card
party be held during this month of
July.

At present the hospital is filled
and the good work which it accom-
plishes in the community is a known
fact, hence everyone is reminded
to keep the hospital's party in mind.

Mrs. Wogan Sells Dwelling On Second Street to Orleanians.

Mrs. John Wogan, owner of the
dwelling on Second street, near Car-
roll avenue, was a visitor to Bay St.
Louis Monday and announced she
recently sold her property to a Mrs.
Theriot of New Orleans, who pur-
chased it for a summer family home.
The sale was made through one of
the banks at New Orleans and the
consideration was \$1,550. Mrs. Wogan
has four sons who hold high execu-
tive ranks in the U. S. Navy, and
she said since she was practically
alone she did not have use for a
summer home here.

JULY 4TH AND THE ECHO.

July 4th commemorates the sign-
ing of the Declaration of Independ-
ence and also to Mr. and Mrs. L. P.
Caissac it brings back memories of
their coming to Bay St. Louis, for
on that day, 1920, just 20 years ago
they located in the building now oc-
cupied by the Rhodes Fish Market
on the beach and the time they first
subscribed to the "Sea Coast Echo."

Mr. and Mrs. Caissac now reside in
State street. Mrs. Caissac says that
they have received The Echo each
week, ever since, and would be lost
without it.

ANNUAL CHURCH FAIR THIS WEEK END ON CHURCH GROUNDS

Plans Completed for Largest Fair in History of Church—
Booths Erected and Lighting Fixtures Installed—
Entertainment for Young and Old Alike.

ROTARY INSTALLS OFFICERS

Annual Ladies Night Held
Jointly With Pass Chris-
tian Club Tuesday
Night.

On the occasion of annual ladies'
night and installing recently-elected
officers, Bay St. Louis club held its
annual banquet Tuesday night at the
Seagull, joined by members of the
Pass Christian Club, which always
rallies to the local club.

The interior of the beautiful and
fashionable Seagull tea room was
decorated with cut flowers for the
occasion, and the long table was set
with flowers of the season, the pre-
dominating color of decoration pa-
triotically of red, white and blue.

The Seagull for this occasion serv-
ed a banquet menu that was not
only praised for its selection and
cooking, but thoroughly enjoyed,
reflecting much credit to this lovely
place and its efficient manage-
ment.

Attorney Carl Marshall was the
principal speaker of the evening and
the eighty-odd listeners present en-
joyed every word of his excellent
address. Mr. Marshall's reputation
as an after dinner speaker had pre-
ceded him and it was known what
to expect. His address won plaudits
and was received with unanimous
acclaim.

A program feature was the ap-
pearance of Prof. Quizz, (Attorney
D. M. Russell, Jr.) who had queried
that the answer to each was the
name of some Rotarian members
(Bay St. Louis and Pass Christian)
and other prominent folk not mem-
bers.

A special program of song was led
by Dr. James A. Evans, past master
in this art, and which added to the
success of the evening that seem-
ingly came to an end all too quick-
ly.

Officers installed for new year:
President, H. Grady Perkins; vice
president, Alden L. Mauffray; sec-
retary-treasurer, Octave W. Delph.

The outgoing president, Jesse W.
Gray, presided during the banquet
until the new officials had been in-
stalled. Both Mr. Gray and Mr.
Perkins delivered appropriate ad-
dresses, the outgoing president
thanking the membership for its co-
operation and the incoming executive
soliciting the assistance of all mem-
bers.

There were many prominent citi-
zens present as guests, including
Mayor and Mrs. G. Y. Blaize, Miss
May H. Edwards and others.

The new Pass Christian president,
Cary Spence, was accompanied by
quite a delegation from the Pass in-
cluding Bob Allen, vice-presi-
dent, and Ad. E. Lang, secretary-treasur-
er. Outgoing president Taylor and
Mrs. Taylor, and Mr. and Mrs. J.
B. Adams were also present.

With plans and arrangements prac-
tically completed for the annual
church bazaar of Our Lady of the
Gulf Church to be held this week-
end, July 6th and 7th, everyone is
reminded of the change of location
this year. On previous years the
fair was held on the grounds of St.
Stanislaus College but this year it
will be held on the church grounds
which have been made attractive and
convenient, and a driveway arranged
for traffic with entrance on the
beach and exist on Second street.

A number of added features in the
way of interesting games and novelty
booths will make the fair this year
especially interesting, and the restau-
rant and cake tables promise the
usual good fare. Homemade candy
is presently being sold by the sisters
of St. Joseph and anyone desiring
same may communicate with them.

Rev. Father Leo F. Fahey is gen-
eral manager of the Church Fair
and will be ably assisted by members
of the church and different organi-
zations. Anyone wishing to render
assistance will please signify their
intention and their help will be
gladly assisted. Especially necessary
is the assistance of the boys and men
of the parish at the different booths.

Don't forget to attend the Church
Fair where every attraction is fea-
tured and assist in the church's one
appeal annually to everyone to come
forward and do their part in its
support.

FORCITY PRIMARY ELECTION

Commissioners Appointed
By Democratic Executive
Committee for Sat-
July 13.

At a meeting of the city Demo-
cratic Executive Committee, held at
the City Hall, this week, the fol-
lowing-named commissioners were
appointed to hold the primary elections,
to be held Saturday, July 13. In
addition to a full attendance of the
committee a number of candidates
were present:

North Bay St. Louis—Commission-
ers: Roger Boh, Robert L. Camors,
Ernest Erwin, Clarence Soule,
peace and returning officer.

South Bay St. Louis, Commission-
ers: John Egloff, Roger Heitzman,
Lloyd Ladner, Judge Alcide Ladner,
peace and returning officer.

Commissioners will in turn appoint
clerks necessary for holding election.

MEETING OF N. C. C. W. FOR WEDNESDAY, JULY 10.

The regular monthly meeting of
the Bay St. Louis District of the
National Council of Catholic Women
will be held on Wednesday, July 10,
at Gulfport and all Catholic women
are urged to attend.

AMERICANISM DAY TO BE CELEBRATED WITH FLAG RAISING

Thursday, July 25th—Sponsored by the American Legion
Post No. 139—Large Flag Pole to be Erected at
Court House—Prominent Speakers.

Sponsored by the American Legion
Post 139 of Bay St. Louis, City and
County Officials and all the business
houses have pledged their hearty
support to celebrate Americanism
Day one of the greatest days in the
history of Hancock county.

A forty-five foot flag pole will be
erected in front of the courthouse
where the ceremonies for that day
will be held. A large beautiful flag
will be raised with nationally known
speakers present.

This large, beautiful flag and one
of the same kind purchased by the
city has been ordered through the
local post of the American Legion.

A special committee of the Legion
has been appointed by Commander
Garcia to call on every business
house to take orders for those who
would like to have the colors set

up in front of their place of busi-
ness. The Legion has a nice assort-
ment of Flag sets to select from.
Also for the homes as well as the
business houses. E. J. Arceneaux,
Leo Ford or Capt. Peairs will gladly
take your order. The committee is
asking that everyone in the county
give their wholehearted support and
operate to make this day a huge
success.

This is a splendid patriotic gesture
and will win the applause of the en-
tire community and county.

The fullest co-operation is earnestly
solicited and every resident is
requested to show his colors. The
Echo feels this will be forthcoming
without asking. Our people are pa-
triotic and fully imbued with the
patriotic sense in fullest meaning.
Don't forget the day for the big
flag-raising: Thursday, July 25.

AFTER THE WAR, WHAT?

THERE should be no mistaken assumption that the conclusion of the present war, if it ends in a complete victory for the democracies of the world, will put an end to the challenge which has, from time to time, assailed the existing world order. It is therefore essential that the people of this country give some thought to the establishment of a just world order to be maintained by whatever strength may be necessary in order that other generations may escape the frightfulness of war.

In this connection, it should be recalled that the aggressor or dictator powers have worked together to promote their interests at the expense for the unorganized democracies. There is only one way in which to meet combined force and that is with combined strength. The challenge of an allied group of dictator-powers can be met successfully only by the defense of a consolidated group of democratic states.

The lesson of the present world conflict is to be found in the truth that those who believe in democracy and civilization, as we know it, must combine their strength if they expect to prevail.

THINGS ONE REMEMBERS.

WHEN riding on American railroads coast to coast or overnight, one is impressed by the thought that nowhere can most people enjoy such safety, comfort and luxury.

Nowhere else do they receive so much for so little. The service is uniform, equipment perfect, food the best, wash room facilities modern, bedding spotless, reading lights good, and air conditioning and ventilation through heat and cold a marvel of comfort.

Yes! The average American can live like a king on our standard American railroads, even if he cannot so live at home. We can well be proud of our rail transportation.

AMERICAN CREED.

THE American Creed, as adopted by the House of Representatives in 1918, reads: "I believe in the United States of America as a Government of the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies."

THANKSGIVING DAY NOVEMBER 21.

IN reply to inquiries as to the date of Thanksgiving this year. The 1940 Legislature made it compulsory for the Governor of Mississippi to make Mississippi's Thanksgiving conform to the proclamation of the President of the United States. As President Roosevelt has named Thursday, November 21 as Thanksgiving Day, Mississippi's official Thanksgiving will be on the same date.

Baron von Speigel, the German consul at New Orleans, was given police protection shortly after his statement that "Germany won't forget that when she was fighting for her very life the United States gave every material aid to her enemies." The baron predicted that with a German victory the United States may beg for trade with the new empire and not get it. Gov. Jones has called upon Secretary Hull to investigate the German consul. The Louisiana governor said his statement appeared as "an openly unfriendly attitude toward the United States." It may be that Berlin will find it necessary to recall von Speigel as it would appear the consul has talked too much for the good of his own service in the United States.

Edsel Ford, president of the Ford Motor Company announced Monday in New York that it will require at least six months to get its facilities set up for the production of aircraft engines. Mr. Ford refused to say how fast engines could be turned out when his factory gets into production. He explained that the volume of production would be determined to a large extent by the type of engine to be built, whether it be low-powered engines for trainers or high powered units for bombers and pursuits.

What has become of the Congressmen who were against defense programs three or four years ago?

Advertising is a necessity to sales and the better you understand advertising the more sales you will have.

The foreign markets for agriculture are being lost as a result of war; this makes it important for farmers to live at home, as far as possible.

According to Adjutant-General Geo. Snyder the Mississippi National Guard will be up to the National defense program, schedule by the end of the month, which means the Guard will have 2900 enlisted men and 220 officers.

A school for training army pilots will be established at Jackson, representing an investment of \$500,000. The school will get under way August 3 with 40 cadets in the first group, and will have an average enrollment of 240 students when in full operation.

BAY ST. LOUIS ROTARY CLUB.

BAY St. Louis Rotary Club installed its recently elected officials for the new year on Tuesday night of this week, and celebrated the event with a banquet and entertainment, generally known as Ladies' Night, at which the Rotary Anns and guests of members attended in large numbers.

This year such event was of unusual interest. The attendance broke record of attendance of recent years, and with a constantly increasing membership there is every reason to extend felicitations. Bay St. Louis is quite proud of its Rotary Club. The fact that it has existed some dozen years or more, and always operating under the more prominent and successful auspices, places it in the fore rank with other organizations that are working for the improvement of the city and the benefit of its people.

Tuesday night's affair, given at The Sea Gull, was especially marked by the menu and cuisine and bountiful servings; by the atmosphere of the Sea Gull and by the attendance, representing as it did, a representative group. There was plenty of 'atmosphere' and the idea of Rotary was well carried out for such occasions.

May the Bay St. Louis Rotary Club, under its new regime of officials, continue to improve and make its mark correspondingly with the rapid advance of the city and county as well.

Thanks to the fine management of the officials who have served the past year willingly and faithfully, giving of their time unflinchingly and unselfishly. Godspeed to the new officials who are now executive heads. May their work be in the fullest keeping and expand in usefulness and betterment as the city grows.

THE CONGRESS IS RESPONSIBLE.

NOW that the United States finds itself unprepared for warfare with a victorious coalition of totalitarian states, there is a rush to print reports and recommendations, dated years ago, to show that our unpreparedness is the result of a failure to plan wisely for the future.

We see nothing to be gained by such nonsense. The truth of the matter is that, up to a few years ago, few Americans, in office or out of office, ever dreamed that the world would be in its present condition. When the Navy collected figures, about two years ago, to demonstrate how our Navy compared with those of Germany Italy and Japan combined, the admirals were denounced as jingolists for even considering such a contingency.

The Army and Navy today are in good condition to carry out the duties for which they were prepared. Congress has never been over-generous in voting money for either branch of the service and the average Congressman, up to a year ago, was satisfied that there were more votes to be had by supporting a policy of disarmament.

The failure to provide the nation with ten thousand planes is not the fault of Army and Navy experts. Congress regularly and repeatedly refused to give them what they asked for. The same observation applies to army ordnance, naval vessels, and every other item in the defense needs of the nation. A favorite stunt of the members of Congress who opposed adequate preparedness, used to beat down appropriations for the Army and Navy, was the assertion that "war scares" only developed when the military and naval experts were trying to get big appropriations.

AS TO OUTLAWING THE COMMUNIST PARTY.

THE editor of the Columbus Dispatch recently suggested that the federal government outlaw the Communist party and related organizations in this country. When the timely editorial came to the notice of Congressman John Rankins, he wrote to the Commercial Dispatch, as follows:

"We are trying to pass a law here now to keep the Communist party off the national ticket. Why should a party be permitted to destroy our government?"

It is apparent that the vast majority of the people of this nation fully agree with the Dispatch and Congressman Rankin in demanding that the Communist party with all other subversive organizations be outlawed. Editor Imes said in his editorial:

"The Communist party ought to be outlawed along with all other subversive organizations. 'If we don't put these 'fifth column' activities out of business, they will ultimately rise up to destroy us."

"They have no right to exist. 'If these radicals don't like this country, let them get out."

"And if they don't get out, we ought to kick them out or put them in jail for the duration of the existing world emergency."

"The Commercial Dispatch hopes that the bill referred to by Congressman Rankin becomes a law."

SEN. HARRISON'S TAX SPEECH.

THOSE who were so fortunate as to hear the radio address of Sen. Pat Harrison Sunday night, have a better understanding of the tax program being worked out to finance national defense.

Sen. Harrison explained that the program broadens the tax base so that almost everyone will take part directly in providing the money to make the safety of this nation secure from attack.

The people of this country are becoming aroused to the necessity of adequate defense and for the training of our people in all departments of defense, those who must fight at the front and those who must support the armies behind the lines of war should come to us.

Patriotic thinking is a factor in defense of vital importance, and when people are asked to sacrifice they think more clearly and national unity is cemented.

No thoughtful American will object to playing his part and paying his part in our emergency defense program. Indirect taxation will not suffice. We agree with Senator Harrison that the tax base should be broadened so as to include every possible taxpayer. It will work no injustice and lead to a determined unity of purpose to solve the grave problems which just now confront the country.

Hollywood Notes..

HOLLYWOOD studios with war pictures on their schedules, or already made state they are being hard hit by developments in Europe. The public is avoiding such pictures as they would the plague and several have had to be recalled from distribution. Pictures with comedy themes will have to take their places if there is to be any appreciable response at the box offices.

For the first time since she came to MGM—fourteen years ago—Greta Garbo has been offered on a loan-out deal. Warners is said to be interested.

Earl Carroll predicts an amazing shortage of honest to goodness blondes in this country. The shortage is evident in Hollywood where there are only four or five natural blondes. Among these one might mention Sonja Henie, Marlene Dietrich, Madeline Carroll, Priscilla Lane and Alice Faye.

John Barrymore is on the water-wagon during the filming of his present film, "The Great Profile" for Twentieth Century-Fox. Not even guests in his home can find anything stronger to drink than soda pop.

During its more than six-months' run at the Astor Theater in New York City, "Gone With the Wind," has played to more than 500,000 spectators. The management has announced its intention to run on indefinitely, playing the film to two audiences a day.

When Ted Cummings, stand-in for Patric Knowles, got his first chance as an actor in a Western short, Cummings went to the lot on which Cummings was appearing to act as his stand-in's stand-in.

This is to be a 'Donald Duck' year, according to reports emanating from the Disney studios. Out of the yearly eighteen short subjects to be made by Disney, ten on this season's schedule will star Donald.

Alice Faye is reported to have been suspended from salary because her studio felt that her present hospitalization could have been postponed until after "Down Argentine Way," had been completed. They hasten to assure the public, however, that the move is in no way disciplinary.

When the feminine lead in "Second Chorus" was offered to Paulette Goddard by National Pictures, Charles Chaplin refused to allow her to take the role. However, an increased salary offer has caused him to withdraw his objections and she will have the part.

When the screen version of Noel Coward's musical romance, "Butterfly," is made, Paul Lukas and Diana Lewis will be in the cast.

Mary Nell Porter, who toured the country as the "Maid of Cotton" for the Southern cotton industry this spring has been engaged for a role in "Virginia," to be produced by Metro.

"Gay Be Our Laughter" a story dealing with the plight of an actress marooned in a country occupied by troops, and suggested by the recent predicament of Madeline Carroll in the French war zone, will be used as a vehicle for Miss Carroll and Robert Preston, to be made by Paramount.

Both Warner Brothers and Metro plan to make a screen version of the career of the fabulous pioneer woman, Calamity Jane. Ann Sothern is to be starred in Metro's version, while Bette Davis is scheduled to appear for Warners.

Eisenstein sees the League of Nations re-created as armed force.

This faculty left June 29, for Georgetown, Texas, for the next camp. Our Waveland Camp is one of five such camps to be held in the United States this year. Our camp trained workers for the following States: Alabama, Florida, Georgia, Louisiana and Mississippi. The students in camp were either seniors in college or college graduates. Some have served as Missionaries in Foreign fields. Some are young ministers. They were recommended by their college approved by their conference directors of Christian Education, and endorsed by the General Board of Christian Education in Nashville, Tenn., as Missionary teachers of Religion. After taking this special Religion for one week they will serve seven weeks as teachers of Young People over our church without pay. They go five in a caravan, one counselor and four teachers, one each in the special fields above mentioned. They spend a week in a church center and move on to another.

The caravan appointments are as follows: Spurgeon N. Dunnam, Herbert Smith, Helen Clyde Evans; Virginia Fitzgerald, Mary Moore.

North Alabama: H. Clayton Ackley, Phillip Royal, Carson Reynolds, Alice May Skellie.

Florida: Durwood Stevenson, Shep Warner, Eleanor Castle, Jean Cleveland, Kileen Stone.

To the Texas camp: Gordon Atkins, Edna Holmes.

As pastor of the church that has so wholeheartedly cooperated in sponsoring this great Nation wide movement of our Youth Crusade which has entertained young Christian workers from fifteen states and trained workers for five states, I wish to thank all who have joined us of Bay St. Louis and Waveland, and particularly the workers of Diehlman Center for their camp. Mrs. C. C. McDonald for serving as chairman of the receiving and transportation committee and her workers with cars: Mr. and Mrs. W. D. Bourgeois, Mr. and Mrs. W. R. Cagle, Dr. and Mrs. J. A. Evans, Mr. and Mrs. W. D. James, Mr. and Mrs. C. C. McDonald, Miss Margaret Parker; Mr. and Mrs. P. E. Porter, Mr. and Mrs. T. T. Robin, Mr. and Mrs. Leo W. Seal and Mrs. and Mrs. G. R. Rea. For transportation, Mr. Ed P. Ortte, Mr. Chas. J. Moore, and Mr. Anthony Benjamin for a boat ride on the gulf. Mr. Chas. G. Moreau and his staff for publicity in the Sea Coast Echo. For all courtesies shown by the officers in the county court house, and all others who have helped us in a big way, whose names I may have omitted unintentionally.

Then there are the prayers of the parents of those who were in training and of their friends of these who are tender in years in the Mass, ter's work. Yes it is a genuine pleasure to work in a community like Bay St. Louis where so many are willing to do for others.

Again on behalf of the General Church thanks a million.

Military Training Camp Open For Men Of 25 to 50 Years

The War Department has authorized a special course in connection with the Citizens Military Training Camps to train 300 business and professional men, according to announcements made by Headquarters Fourth Corps Area in Atlanta.

This camp, the first ever offered in this Corps Area, is for patriotic civic leaders between the ages of 25 and 50, and will be held at Fort McPherson, Georgia, for thirty days, from July 8 to August 6. Applicants who are accepted will provide transportation at their own expense and will pay for their own meals at the Regular Army ration rate for the camp. Regular Army uniforms and equipment will be used. All training and administration will be conducted by the Regular Army and Reserve personnel who will organize the camp and train the 300 trainees. No obligation rests upon these trainees for military service in the Regular army, and no Commissions will be granted on completion of the camp.

Applications for this special course of training are being taken in Mississippi by Alexander Fitzhugh, Vicksburg.

The Military Training Camps Association, which regularly sponsors the annual CMTC courses, is also sponsoring this special plan of training which will be nation-wide. The object of these camps is to bring together business and professional men from all sections of the country under the most favorable conditions of outdoor life, as well as stimulate and promote citizenship, patriotism and Americanism. Selection of men for this training will be based primarily on educational qualifications and civic leadership in the local community.

Safety and Driving Ease on Curves

ATTENTION directed by the State Highway Commissioners toward building maximum safety, beauty and driving ease into every mile of Mississippi's new highways is vividly shown in the work done by State Highway Department engineers on this stretch of US 84 in the Southern District near Brookhaven. Note the graduated, well-banked curve, the clear-through view, the guard rail on the outside rim, sodded shoulders and banks. Every up-to-date highway development is being built into the state's new roads to increase safety, smooth riding ease and beauty of the roadside, and to reduce future maintenance cost.

The skins of fully ripe tomatoes are easily removed without heating. Tomatoes with green hard spots give a green taste to a jar of tomatoes and should not be mixed with the ripe tomatoes, but should be laid aside to ripen before canning. One of the reasons tomatoes are such a health promoting food is the vitamin "C." This vitamin is destroyed by heat in the presence of acid. To keep this health promoting vitamin, process your tomatoes in jars instead of using the open kettle method in canning.

When canning one of the handiest implements is to get out air bubbles out of jar and place the fruit is made of two joints of fishing cane. One end and the middle knots are left on one joint end for the handle. The other joint is whittled until it is only a limber piece about 3-4 of an inch wide left on one side. This end slides easily around the products in the jar pushing the fruit in place and liberating air bubbles. It does not get as hot as a knife and does not bruise the products.

Only tender young corn should be canned. As corn is starch it is hard to keep, and should therefore be canned in pint jars or No. 2 cans.

A good clean cutting board and a sharp paring knife make a more attractive produce than hand snapping in preparing string beans. After a little practice, the clock will show that more beans have been prepared by butting than by hand snapping. If the beans are cut at an angle instead of straight across 1-4-1-3 inch cup more beans will go into the jar.

And canners—save your energy; plan your work—do as much as possible of the work sitting down. Do not bend over to your work table; get some bricks or blocks and raise the table to a height that is comfortable for you to work and you will be in a much better humor by the time the canning is done. Save energy by planning your work and be more cheerful.

Weather conditions have lessened the spring Irish potato crop, therefore, a fall crop is particularly desirable. Success or failure of this crop depends on the handling of the seed stock. This handling begins with the digging of the spring crop. Remember these points for success with fall Irish potatoes:

1. Store only those potatoes that are absolutely free from injury.

2. Store under conditions that will admit as little light as possible to prevent greening.

3. Store in thin layers under temperature conditions as nearly ideal as possible. Ideal conditions being: 70 degrees for the first 10 days with slight ventilation and high humidity. After this, the temperature should be kept at about 40 to 45 degrees with just sufficient ventilation to keep the potatoes dry. Where cold storage is not available, store under best farm conditions possible, that being a cool, dark place that is well ventilated. The potatoes should be

First in your mind, perhaps, the telephone industry's principal contribution to the South is quick, dependable communication.

But Southern Bell is also important as a citizen, as an employer of people, as a payer of taxes, as a purchaser of materials. In 1939 alone, operating expenses amounted to approximately fifty-five million dollars, not including additional millions used for new construction.

To build, operate and maintain this system requires more than twenty-one thousand skilled workers whose annual payroll is approximately thirty million dollars. These telephone men and women contribute to the business and social welfare of their communities, and of the South. They and their families compose a group of perhaps eighty thousand people who are dependent on this business for their livelihood.

As a taxpayer, the Southern Bell does much toward the support of the local, state and national governments. Total taxes last year exceeded nine and three-quarters million dollars, nearly twenty-seven thousand dollars a day.

The Southern Bell Company is a Southern industry in the fullest sense and its activities form a substantial contribution to the growth and prosperity of the South.

LARGE COLLECTION OF WAR RELICS IN NEW ORLEANS.

CARILDO REPRESENT WAR IN WHICH U. S. FOUGHT.

War relics, including a small model of the first submarine, in the Louisiana State Museum which was formerly the Spanish Cabildo, represent all of the major wars in which the United States has been engaged.

The three great rooms on all three floors of the Museum which have been devoted to the war relics contain guns of every type that were used in the War of Independence, the Spanish-American War, Battle of 1812, as well as the Civil and World Wars.

In the World War collection are examples of every type of gun used in that war as well as a real tank that was donated by the French government. Machine guns and an airplane motor are also in the collection.

The Civil War relics contain swords and guns, as well as uniforms that were used by the Confederate and Union armies and also contain letters, maps and documents that are very valuable.

The collection in these "war rooms" are always open to the public as are those in the other display rooms of the museum.

AUDUBON PARK AQUARIUM CONTAINS A GREAT VARIETY OF FISH AND TURTLES.

Audubon Park in New Orleans has a large collection of fish and turtles. The Odenheimer Aquarium was built in 1923 and stocked with all of the various type of fish that abound in Louisiana waters as well as some rare tropical varieties.

Of unusual interest are the great gar fish in the center and largest pool. The largest one is over six feet long and weighs well over 150 pounds.

The collection of large and ancient turtles includes one large one that is at least 100 years old and weighs well over 200 pounds. Although rather flat in shape, the turtle is literally as large as a barrel.

The various types of fish that are found in the aquarium include the Blue Gill perch, the Butterfly or Japanese turtles which are imported—Louisiana Catfish, Black Bass, Goggle Eye perch and Short Nose Pike.

Other fish in the aquarium are: Black Molineson, Chiniquapin perch, Black Goldfish, Carp Bow Fins, Sea Flounders, Striped Bass and Sheep Head. The collection of Goldfish is fairly large and the most unusual and rare fish in this exhibit are the black goldfish, importations from Japan.

TRAIN-AUTOMOBILE SERVICE OPERATING IN NEW ORLEANS.

Train-automobile service in New Orleans is now in operation, according to the Railroad Transportation Committee of the New Orleans Association of Commerce.

Under this new service, the ticket agent will arrange for an automobile at destination. It will then be waiting at the station when the train arrives for use by the passenger in making business or pleasure trips. The service has been instituted in New Orleans by the Illinois Central Railroad Company, and applies in cities in 29 states.

EXPORTS TO EUROPE FORM MAJOR PORTION OF TOTAL FROM NEW ORLEANS.

Fifty-seven per cent of exports from New Orleans in 1938 were to European countries, a compilation by the New Orleans Association of Commerce reveals. Imports from those countries were eight per cent of the total.

The chief European countries with which New Orleans did an export business and their percentages are as follows: Belgium, 2.6; Denmark, 1.6; France, 6.5; Germany, 7.6; Italy, 4.4; Netherlands, 6.4; Norway, 1.1; Poland and Danzig, 1.3; Sweden, 1.5; United Kingdom, 21.1; making a total of 53.7 per cent in export trade going to European countries.

In regard to Latin American trade, New Orleans led southern ports in exports with 455,633 tons exported; compared with 2,162,789 tons imported which placed New Orleans in the second place among southern ports.

kept in this condition until two weeks before planting.

Irrigation and mulching to Conserve Moisture have been scheduled for discussion this month, but on this day, July 3, with many gardens looking like frog ponds, it is a little difficult subject to discuss with enthusiasm. However, hot, dry weather that follows a period of unseasonable and heavy rainfall is always more injurious to gardens than dry weather, that develops normally and gradually.

The roots of vegetable crops will be shallow near the surface and easily susceptible to drought injury unless precautions are taken. The application of 3 or 4 inches of mulch material will be of great benefit. This mulch may consist of pine straw, oat straw, leaves, rotted manure, or leaf mold, any one of which, if placed around the plants in the summer garden, would conserve moisture, control weeds, hasten maturity, and increase yields. The maintenance of a dust mulch by cultivation will be found helpful in the garden during July and August.

5-Million Fund For Child Refuge Program Sought.

New York—A campaign to raise \$5,000,000 to provide asylum in this country for European refugee children will be started July 4 by the allied relief fund.

Winthrop W. Aldrich, president of the organization which was formed to co-ordinate efforts of all U. S. war relief agencies, said contributions would be turned over to the United States committee for the care of European children, of which Mrs. Franklin D. Roosevelt is honorary chairman.

Aldrich added that all children brought into this country would "come in under quotas" and that bond would be posted in each case to assure that the child does not become a public ward.

Under present plans about 20,000 child refugees will be cared for in this country.

THE ECHO'S COOKING CLASS

THE number of vegetables in the markets today are proof of our national progress in agriculture, and transportation. With all the green, vitamin-rich foods, the housekeeper has only to select the ones that she wishes for her menu.

Summer Squash with Tomato and Corn.
4 tablespoons butter
1 slice onion, chopped.
4 ears sweet corn
3 tomatoes
1 small summer squash
Salt and pepper
Cook butter and chopped onion until onion is yellow. Add corn cut from cobs, tomatoes cut into small pieces. Season to taste with salt and pepper. Simmer gently on top of stove or put in a casserole, cover and bake 30 minutes in a moderate oven.

Beets with Mint
½ cup butter
1 tablespoon vinegar
3 cloves
1 teaspoon sugar
1½ cups small cooked beets
6 mint leaves
Melt butter, add cloves, vinegar and sugar. Add beets left whole or cut in slices, simmer 10 minutes. Sprinkle with mint leaves which have been cut in bits with scissors. Serve hot.

Green Ring Mold
Cook any greens (spinach, mustard, turnip, or kale) until done. Drain and chop. To each quart of greens add 2 eggs, beaten with 1-4 cup of milk. Fill a greased ring mold. Cook in a slow oven until set. When ready to serve turn out on a platter and fill the center with shredded beets.

Shredded Beets
With a small vegetable cutter, cut up beets very fine and cook in a small amount of water 10 to 15 minutes. This is enough to soften the beets. Add butter and seasonings. Place in center of green ring mold.

Peas in Turnip Cups
Steam 6 small white turnips. Hollow out center. Leave edges plain or cut in points. Fill with peas which have been heated in a sauce made of 2 tablespoons of butter cooked with 2 tablespoons of flour.

Fried Okra.
Select tender pods. Cut them into slices. Roll them in cracker crumbs or meal. Salt and pepper to taste. Have the grease real hot so as to fry them quickly. Serve with tomato catsup.

Broiled Tomatoes with Asparagus.
Toss
Tomatoes
Asparagus tips
American Sauce
Salt, white pepper
Mayonnaise
Cut tomatoes in half, sprinkle with salt and pepper. Place in a buttered pan and cook 10 minutes in a hot oven. Cover tomatoes with asparagus tips which have been heated and sprinkle with grated cheese. Return to oven until cheese melts. Garnish with sliced olives and spiced fruits.

Brussels Sprouts
2 quarts fresh Brussels sprouts
4 tablespoons melted butter
1 tablespoon minced parsley
Pick sprouts carefully and remove wilted leaves. Wash in cold water and let stand in salted water for half an hour. Cook until tender, 15 to 30 minutes. Drain well—put into a hot serving dish and pour over them the mixture of melted butter and parsley.

Stuffed Green Peppers
8 green peppers
1½ tablespoons butter
1½ tablespoons flour
3-4 teaspoon salt—pepper
1½ cups milk
2½ cups cooked carrots
3-4 cup buttered bread crumbs
Cut off tops and remove seeds from peppers. Cook 5 minutes in boiling water to cover. Drain. Melt butter in saucepan, blend in flour, salt and pepper. Stir in slowly the milk, cook until thickened, stirring constantly. Add carrots and fill peppers. Top with bread crumbs. Bake in an oven 350 degrees for 15 minutes.

Potato Croquettes
1 pint mashed Irish Potatoes
2 tablespoons butter
¼ teaspoon salt
1 tablespoon chopped parsley
1 egg yolk
Onion juice to taste
Mix ingredients together. Shape into smooth round balls, then into cylinders. Roll in dried bread crumbs, and fry in deep fat until brown.

Personal and General

WEDDING OF INTEREST TOOK PLACE WEDNESDAY OF THIS WEEK

On Wednesday morning before a large gathering of relatives and friends Miss Loretta Smith, daughter of Mr. and Mrs. Thomas G. Smith, of this city, and Mr. John Garst, of Clarksdale, Miss., were married at a nuptial mass at Our Lady of the Gulf Church with Rev. Father Leo F. Fahey officiating and the choir of the church, under direction of Mrs. Geo. Guilbault, rendering sacred music on the organ and several vocal selections by members of the choir. Miss Smith was given away by her father.

Miss Smith was prettily attired in a smart summer model of white tulle, trimmed in dainty white lace, and wearing a large white straw hat. She carried a mother of pearl prayer book with small sprays of sweet heart roses falling from same. Her only attendant was Miss Margaret Garst, sister of the groom, also from Clarksdale, who wore a dress of pink sheer with white hat, and accessories.

Mr. Garst had as his best man Mr. Matthew F. Smith, of Mobile, Ala. The altar and chancel of the church were profusely decorated with large clusters of pink gladioli and baskets of snapdragons and gladioli and lighted tapers in beautiful candelabras.

After the marriage ceremony and mass, a breakfast was held at the Seagull for members of the family only, and a small reception held on Tuesday evening, June 18th at the Old English Tavern in Pearlinton, Miss., honoring Mr. and Mrs. Edward Cuevas of English Lookout, La., who were quietly married at 7:00 o'clock.

The table was beautiful on the screened-in porch, the center of delicate pink roses, in a large cut glass antique bowl placed on a reflector and the light was given from tall pink candelabras. At one end of the table was a lovely wedding cake with a miniature bride and groom. Forming a background for the table was the brilliantly lighted garden of spring flowers shrubbery and a beautiful lake. A delicious meat and salad course was served.

Among those present were Miss Jimmie Moore, Mrs. A. G. Brown and Mr. and Mrs. W. H. Moore of Atlanta, Georgia, Mr. L. S. McMillian, Mr. and Mrs. E. G. Kelly of Mobile, Ala.; Mr. and Mrs. E. H. Yarborough, Howard and Harold Yarborough, Mr. and Mrs. H. Hagler and daughter, Elaine, Mr. and Mrs. J. P. Otis, Mrs. Louis Lawless, all of New Orleans, La.; Miss Hazel and Miss Lester Portier of Chalmette, La.; Miss Helen Strahan, Doris Mae Peterson, Randolph Cuevas, Herbert Peterson, Stanley Yarborough, Buster Thrasher, and the honorees, Mr. and Mrs. Edward Cuevas.

Assisting the charming hostess, Mrs. Hendrix, was the bride's sister, Miss Rita Kelly of English Lookout, La.

The bride was lovely in navy blue, with white accessories and corsage of white carnations. The hostess was dressed in blue lace with white carnations and Miss Rita Kelly in dusty pink chiffon with pink carnations.

MISS LORETTA SMITH TENDERED SHOWER THURSDAY AFTERNOON.

Miss Loretta Smith, daughter of Mr. and Mrs. Thomas G. Smith, was tendered a miscellaneous shower on last Thursday afternoon from four to six o'clock at the home of Mrs. G. Y. Blaize on Hancock street, with Mesdames A. Soniat and G. F. Stevenson as co-hostesses, and the close friends of Miss Smith the guests.

Cut flowers in pretty vases were used in the large living room of the Blaize home and little Albert Hitt, Jr., son of Mr. and Mrs. Albert Hitt, Sr., and nephew of Miss Smith, pulled a large cart, covered in white and containing the gifts which were presented to Miss Smith. On the handle of the cart was a miniature bride bouquet, daintily made and arranged by Mrs. Alice Buckley.

After presentation of the gifts, an amusing time was enjoyed by the reading of suggestions on "How to Keep a Husband."

Refreshments were served by the hostesses, assisted by Mrs. Edward Blaize and Mrs. Bernard Blaize, daughters-in-law of Mrs. G. Y. Blaize.

ECHOES OF THE RECENT GARDEN CLUB RECEPTION TO VISITORS FROM AWAY.

So successful was the reception tendered by the Bay-Waveland Garden Club Thursday of last week at Pirate House, residence of Mrs. E. H. Singreen, on Waveland beach, complimenting the ladies attending the annual convention of the Classified Advertising Managers in session at Buena Vista Hotel, Biloxi, that complimentary comment continues. It was well worthy of all the nice things said about the Pirate House, its exquisite interior and lovely gardens, and especially the refreshment served in the dugout. The home and its furnishings, spic and span, represented a living scene like some chapter torn from an old book of indefinable charm and lasting interest. Mrs. George R. Rea, president, and her associates certainly exceeded far beyond expectations, and their entertainment and hospitality was truly in keeping with the lavish and genuine hospitality of other days.

The ladies entertaining besides Mrs. and Miss Singreen were Mesdames George R. Rea, Leo W. Seal, J. A. Evans, J. Roland Weston, Eugene Mogabgab, H. S. Pond, Russell Caffery, Louis Maumus, Charles G. Moreau, F. J. Bopp, Alice Buckley, and Misses Levia and Miriam Engman.

Mrs. George Mitchell and Mrs. Charles Gennin were co-hostesses on last Wednesday afternoon honoring Mrs. Howard Cuevas with a stork-shower at The Seagull, popular tea room operated by Mrs. John N. Stewart on South Beach boulevard.

The large main dining-room of the Seagull was decorated with a profusion of spring flowers, and the honoree, Mrs. Cuevas, was genuinely surprised when presented with a large basket of dainty little articles for the anticipated newcomer.

Mrs. (Dr.) Jeff Miller, and family have leased the (Dr.) Smith beach villa, near St. Charles street, for the summer. Mrs. Miller is warmly welcomed to the summer colony.
